Mk-19

REPLICA WEAPON TRAINING SYSTEMS

GAR® PATENT # 8690575 B1

ACME's ultra-realistic replica weapons look, feel and function just like the actual machine guns. And they're coupled to a patented, all-electric, full-force, full-rate rate of fire recoil system.

A full set of sensors monitor the weapon status and gunner's actions. Replaceable ammo cans and reloading logic train gunners to load, feed, charge, and fire quickly and correctly.

Insertable jams, runaways, sluggish fire, and misfires prepare gunners to deal with worst-case weapon issues.

REALISTIC REPLICA WEAPON...

REALISTIC RECOIL...

REALISTIC TRAINING!

Mk-19 Variants

COMPLETE REPLICA WEAPON SYSTEM INCLUDES:

- Replica Weapon – Ultra realistic Mk-19 weapon with sensors
- Gun Active Recoil (GAR®) Cradle – Weapon Cradle with integral, patented, all-electric, full-force, full-rate-of-fire recoil
- Electronics Chassis – Provides power and electronic drives for gun sensor and recoil system
- Weapon Mount – Can be a tripod or specific vehicle or aircraft mount.
- Power and Signal Cables – Standard 25' Cables allow weapon training away from remotely located electronics and power source
- Technical Data Package – Standard Operations & Maintenance Manual, Interface Control Document, Acceptance Test Procedures
- Warranty – One-year, Return-to-Factory warranty protects the product

NOT AN ACTUAL WEAPON!

Realistic replica is a non-gun, not a firearm, and can't be made to load or fire a round. Replica emulates form, function, grips, controls, weight, and balance. Inert ammo can be fed into the body.
